## **ABOUT THE CONFERENCE**

TUFH 2025 is a joint conference between The Network: Towards Unity for Health, Woods System of Care, and the Mollie Woods Hare Global Center of Excellence.

The Network: Towards Unity for Health is an international, intersectoral, intergenerational organization that fosters equitable community-oriented health services, education, and research with the goal of improving health locally and globally. It convenes innovative health care organizations, universities, community institutions, and thought leaders from all over the world.

Woods System of Care a population health management organization that, through its network of providers and partners in PA and NJ, provides life-cycle care to meet the lifelong needs of children and adults with intellectual disabilities and autism (ID/A), acquired brain injuries, and /or mental health challenges who may also have complex medical and genetic conditions.

The Mollie Woods Hare Global Center of Excellence, in partnership with TUFH and WHO on Neuro-divergence (Intellectual Disability and Autism) and Mental Health issues serves as a clearing house for clinical practice standards, trains healthcare providers, conducts research, disseminates best practices and supports policy efforts globally for health equity.

### **About the Autism/IDD Summit**

The Autism and IDD Summit, hosted by the Woods System of Care and the Mollie Woods Hare Center of Excellence, will take place on September 14–15, 2025. This global summit is designed for healthcare and social service professionals, educators, advocates, policymakers, and individuals with lived experience. It will highlight innovative care solutions, evidence-based practices, and policy initiatives that support individuals with autism spectrum disorder and intellectual and developmental disabilities. The Summit will include engaging panel discussions, site visits, and networking opportunities.

## About the CCA Summit

The Convenient Care Association (CCA) Summit, as part of TUFH 2025, will focus on the evolving landscape of retail healthcare delivery. Convenient care clinics are revolutionizing access to healthcare through nurse practitioner-led models that ensure affordability, accessibility, and quality. The Summit will bring together leaders in retail health, innovators in policy, and frontline providers to discuss challenges, share successful models, and shape the future of convenient care delivery. It is an essential forum for those interested in the intersection of business, policy, and practice in healthcare access.

## **TUFH PHILOSOPHY**

TUFH is based on relationships between organizations, people, and those collaborating around common interests. These relationships are not static, but rather grow and develop from new members and future generations. TUFH is not an insular organization, but an ever evolving and inclusive network that embraces other organizations that strive to create educational practices, community health approaches, and partner on research to develop the evidence for what works. TUFH aspires to serve as a catalyst to promote positive change in local systems and actors. TUFH's model addresses problems by looking for what is working and why. This accelerates the process of positive change by occupying people with doing rather than dwelling on why it can't be done.

**The aim the conference** is to bring together international participants from different health and educational sectors to network, learn and teach. During the scientific sessions (Workshops, Oral Presentations, TUFH Talks, and Documentaries) participants learn about a vast array of topics. At the conference there are always keynote speakers that capture the important messages related to the conference themes. During the conference on the move participants will go out into communities and see projects and organizations do the work and learn about in first hand. Multiple networking opportunities provide ample options to extend everyone's professional network.

## **ABOUT THE VENUE**

TUFH 2025 will be held at the headquarters of Woods System of Care in Langhorne, Pennsylvania, United States. Langhorne is located in Bucks County, part of the greater Philadelphia region, which offers a charming blend of small-town appeal and unique attractions. This historic town boasts a rich heritage, evident in its well-preserved colonial architecture and quaint streets. Visitors can explore the local history at the Langhorne Heritage Farm or enjoy a leisurely stroll through the scenic Core Creek Park.

The town's most famous attraction, Sesame Place, is a family-friendly theme park based on the beloved children's show, drawing families from all over. With its mix of history, natural beauty, and family entertainment, Langhorne provides a delightful getaway for travelers seeking both relaxation and fun.

Additionally, Langhorne's convenient location makes it an ideal base for day trips to Philadelphia, just a short drive away. Visitors can easily access the vibrant cultural scene, historic landmarks like the Liberty Bell and Independence Hall, and renowned museums such as the Philadelphia Museum of Art. This proximity allows tourists to experience the best of both worlds: the tranquility and charm of Langhorne, along with the dynamic urban experience of Philadelphia, making for a well-rounded and memorable visit.
